Congregational Church Building Plans Ready

By Vivian Faulkner

Preliminary studies of a master plan for the future new Congregational Church to be built on the three and a quarter acre site on Campbell Avenue at Carlyn were unveiled Sunday at the 66th Anniversary services of the founding of the present church.

Tentative plans drawn by Architect Clifford Sobey call for the building to be coonstructed of stucco and frame. It will include installation of the large stained window of the present church.

According to Dr. Corwin Olds, minister of the Congregational Church, construction of the new building may begin sometime within the year. As yet there are no definite plans because there are still many details to be worked out before actual work can get under way.

The new church is to be built around a large quadrangle with a grassy, landscaped mall in the center for recreational activities. The front of the quadrangle will contain the Sanctuary capable of seating 324 persons in the Nave with provisions for successive expansion in the trancepts for a total of 450.

There is to be a carillon tower, church offices, committee rooms, kitchen and large Fellowship Hall with adjoining Fireside Room. Nursery and classroom units will extend down the sides and across the back of the structure. Plans call for all units to be connected with covered walkways.

Space is provided for parking several hundred cars and a large play area to adjoin the nursery.

Colonel Corwin Olds of Campbell, pastor of the Congregational Church, on whom the gold star designating rank of Brigadier General was pinned in ceremonies Monday night at Sacramento by General Oscar J. Jahnsen, assistant adjutant-general, California National Guard. In all history there have been but twelve such honors given members of the Chaplain Corps in the Army. During World War II General Olds was chief of all Chaplains in the South Pacific, his field extending from Hawaii to New Zealand and including the Mariana Islands. He hold the rank of full colonel in the army reserves.

SAN JOSE GRABS AT UNION SCHOOL AREA

San Jose reached out Monday night to strip annex lands including Union School, which is beyond the Almaden- Los Gatos road, previously agreed on to be the San Jose limits. They explained that plans now are to have a new freeway along the P G and E right of way.

STORM DRAINAGE SYSTEM FOR CITY UNDER STUDY

That a city-wide storm drainage project is already on the drafting and is soon to have attention of the city council, was the announcement made Thursday at the Planning Commission meeting when Nestor Barrett, planning consultant reported findings on a proposal by Kenneth Priestley that storm drainage pipe be laid along East Latimer avenue. The project to be considered at budget hearings, worked out by City Engineer Mark Thomas seeks to use David Avenue because of the natural fall to Los Gatos Creek. This would avoid a depressed area to result when a subway at Route 5 Freeway and Hamilton avenue is built.

With a plan set up, new construction work would then be governed by an overall drainage system; a line on Hamilton might be first built turning off to David, since Hamilton is to be widened and have early improvement. The report from the engineer, Barrett said, would probably be ready within 30 days.

Planners will in the near year undertake to prepare a map showing where home building is to be most active and where a civic center might be established.

A master plan for streets and highways will be ready by June 16. Thomas has a plan for complete control of grade levels in keeping with a topographical survey.

Planners set May 19 for hearing initiative resolution to change zoning of the David Rutherford property at northwest corner Latimer and Winchester from C-2-S to R-2-S, although L. R. Rucker stated the property had on March 8 been sold to the Union Oil Company and plans were then made for a service station on the site. Horace Logue, commission chairman said the plans should be submitted to the commission for architectural approval.

Commission told Paul Kroll, of Mayfair Packing Company it would be alright to set up a cherry stand at Hamilton and San Jose-Los Gatos Road under specific regulatory measures, which he agreed to saying this would be the last year for a stand at this location as the two million dollar shopping center would be there next year.

Map of industrialist A. M. Poniatoff and A. D. Nearon for duplexes on 16 lots on West Latimer was approved, but wanted further time to study the map of Frank Maggiore whose lands are fringed by the proposed new San Tomas Boulevard. Maggiore agreed to dedicate some frontage land to the city but wants an odd shaped lot reserved for commercial. The city engineer asks for complete in-tract storm sewer system, an adequate system to carry drainage across properties of Lee, Petralia and Russ, out of tract drainage to San Tomas Creek, easements to connect with Sanitation District 4 facilities, erection of a chain link fence and that 6-feet high fence be built along drainage channel at rear.

Ted Anderson asked for zoning change for property at 425 North Winchester as present service station is to be removed and be replaced by a modern one, commission setting May 19 as time for hearing.

'Queen Mary' To Be Crowned At Coronation Ball

Pretty Mary Begalke, eighteen year old senior, will officially begin her reign as queen when she is crowned by Senator Jack Thompson Saturday night at the "Coronation Ball" to be held at 8:00 p. m. in the Girls Gym at Campbell High School which will be open to the public at a nominal fee. Music for dancing will be furnished by Bob Barry's Coconut Grove Orchestra.

Also on the program is the "Whiskerino" contest and a variety show of specialty acts to be held during intermission. Anyone interested in entering the whiskerino contest should attend the dance and enter when the contest is called. It is not necessary to make application.

KIWANIS CLUB TO FORM CHOIR

It was a short ride for the Campbell Kiwanis Club from the the Country Woman's Clubhouse to the high schoool Tuesday, but it was a rewarding one because in the music wing, Richard Gordon was standing with baton poised ready to direct his full orchestra in "Song of Love"; "Safari"; "String Minuet" and "Polka". A trumpet solo by Tony Sponsler, accompanied at the piano by Steve Janzen was a special feature. Program chairman was Lloyd Nelson.

A movement is under way to form a Kiwanis choir, it was announced.

Visitors included Christie Rogers of Willow Glen, Ollie Upton, C. E. Bradley and Al Maisenco of the Quito-Saratoga Club, Ivar Jorgenson and Al Colombo of the San Jose club. Del Hollen berg was guest of Carl Field.

FIRE CHIEF WANTS WATER SUPPLY TO MODEL HOMES

Three ordinances passed first reading Monday night at the city council meeting, two being for the annexation of 165 acres while the other was for zoning the recently annexed Westchester Park first residential.

One parcel of 144 acres embraces lands of Taomina, Manfre and Rutherdale to be known as Los Ranchitos subdivision extending the city limits on the north side of Campbell avenue to 1900 feet west of San Tomas Aquino Road, and extends a fragment northward to Moreland Way. The Rutherdale tract of 55 acres bought by James Duc, Jr., to be subdivided by El Rio Development Company, possibly with seven acres set aside for zoning as commercial.

The other 13.2 acres includes the southwesterly side of Virginia and Rincon avenues to be developed by H. E. Goss and Irving Dunn for William F. Sigal who plans construction there of 59 homes.

A final report from State Division of Highways indicated cost of traffic signals at Hamilton avenue and San Jose-Los Gatos Road was $47,638.35 and that city share in this cost is $6,851.81. City had budgeted $8000 for this, but of this the County had agreed to pay half, so actual cost to the city is to be $3,426.

Council awarded contract for white pain and reflector materials, to Pittsburgh Paint Company on bid of $808.00. Other bids were from American Auto Supply, Fuller Paint Company and Strong Paint Company.

Fire Chief Jack Scott asked that some regulatory measure be taken so that model homes in a new subdivision have accessible water in the event of a fire and council agreed to act on this. Mayor Morton said the city is put to considerable expense before any tax money is collected from these new subdivisions including police and fire protection and publication costs.

Council was adjourned in memory of the late William Enochs, city auditor.

DROWNING MAN IS RESCUED BY CAMPBELL PAIR

Two Campbell fishermen, Lynn Beatty and Joe Gomes, rescued a drowning man from the churning waters of the San Joaquin river last Saturday. This is the way Gomes tells the story:

"We were moving along quietly in a speed boat, when a group in an offshore craft yelled to us a man needed our help. They were pulling up anchor and trying to turn their boat around. We looked in the direction they pointed and saw the bald head of a man bobbing in the water, so we speeded up and pulled him in. He told us he had been trolling when a speed boat swerved and threw huge waves that jerked his boat so badly he was thrown out of it and the boat kept going. He had gone down and was struggling when we got to him, and if we had not been along at just that moment, it might have been too late. He declined to give his name but said his home was at Redwood City".

Beatty is with Western Gravel and Gomes is a former city councilman, orchardist and secretary of Campbell High School booard.

City Wins Case From Fire District

In a ruling handed down Tuesday by Judge William G. James of the Superior Court, the Santa Clara County Central Fire District is directed to meet the claims of the City of Campbell for apportionment of the fire district property, funds on hand and taxes collected over an interim period at the time Campbell was incorporated. The decision is being accepted by the City of Campbell, according to City Attorney Joseph Bonacina, who pointed out that the allocation of $3,736.76 for assets was granted which was the main issue of the case, the district having contended this sum was offset by its standby services.

The court decided that the District apportion $5,000.52 of taxes collected on real property from the date of incorporation as a city March 28, 1952 until June 30, 1952, and $951 apportionment of funds on hand, making a total cash allocation of $5,951.52, in addition to which the district is to turn over to the city a fire engine, valued by the district at $3,975, making a total of $9,926.52 in cash and property equipment to the city.

Among witnesses called when the case was heard on April 6 were Richard Morton of Campbell, Fire Chief Jack Scott of Campbell and Chief Henry Lingua of Central Fire District. Howard Campen, County Counsel, represented the Central Fire District in court.

HENLEY SAYS SCHOOL TAX MAY BE CUT

At a meeting in the Rosemary School Tuesday evening, William C. Henley, district superintendent for Campbell schools, predicted that the full $1.80 tax for operational purposes would not be needed in the next fiscal year and that a saving of up to 20c per $100 assessed valuation may be made on the operational tax.

Henley said at the Dover School that according to available tests, children of today are doing much better than in earlier years. He pointed out that ten years ago Campbell had one school enrolling 1,000 students and that in the fall of this year there are to be ten schools enrolling 5000 students. Many problems arise from rapid growth but with better educated teaching staffs and new teaching methods, children learn more effectively. Officers elected for Dover Home and School club were Tom Mansfield, president; Mrs. Vinton Mathews, first vice-president; Fred Kuster, second vice-president; Mrs. Walter Gipe, secretary and Jay Walsh, treasurer.

Old Settlers To Be Honored At Luncheon Sunday

"Old Settlers" of Campbell will be honored Sunday noon at a luncheon to be held in the Campbell Grammar School cafeteria with Senator John (Jack) Thompson as guest speaker. Dr. Corwin Olds will pronounce the benediction and Judge Martin S. Walsh will act as master of ceremonies.

Seated in places of honor will be "Old Settlers" Manuel Silva, George Parso, Robert Scholz, Mr. and Mrs. W. Finnemore, Mr. and Mrs. Jess Collins, and Mr. and Mrs. Ed Merrill.

George Robison, who does not consider himself an "Old Settler" since he has only lived in Campbell since 1901, contacted all the known old settlers and says he hopes he has included all of them but if by any chance he has missed anyone please be at the Campbell Grammar School at 12:00 a. m. for the luncheon and if they care to ride in the parade they may do so.

Sam Cava, president of the Chamber of Commerce, has invited Mayor Richard Morton and all the councilmen to the luncheon as well as the supervisors and County Manager Frank Thill.

MORE NUMBER CHANGES FOR TELEPHONES

About 325 more telephone numbers in Campbell are expected to be changed within the next few weeks mainly those within the FR 8-001 to FR 8-0999 bank to meet rearrangement of equipment prior to opening June 30, 1956 of the Andrews-Essex building on Foxworthy avenue.

Numbers taken off are converted to ESsex numbers in Cambrian Park, which will continue to be in the Campbell exchange, the ESsex now being theoretical numbers which will become physical when set up in the new exchange, according to the Pacific Telephone Company officials.

New FRanklin numbers from the 1000 bank will probably go to the 8000 bank and will be so listed in the new directory. Until then the operators will give the new number to all calling the old number.

EDITORIAL

HERE COMES THE PARADE!

Campbell this week is observing the 63rd annual Old Settler Celebration, an event that is second historically only to the Tournament of Roses. It was begun in 1892.

There will be marching feet and there will be bands, batons, buggies and floats; there will be dancing and a carnival; there will be speaking and there will be a renewal of old-time friendships, but most of all there will be the honors which a new generation bestows on the fine people still with us who have carried on this friendly spirit in their home town since before the turn of the century.

The picnic style celebration has somewhat given way to modern parades and there isn't much to be done about it. In 63 years the automobile has replaced the horse, the tractor has replaced the plowshare macadam roads have replaced buggy roads, school buses have come to multiple schools; other ways of life have changed. The old settlers came here because they found the Santa Clara Valley to be one of the best lands for the home, and they decided this should be a friendly place. And that became the function of Old Settlers' Days.

Here is hoping that the 63rd annual celebration is a happy and friendly one just as those before have been.

FLAMINGOES IN A WINDOW

During Easter week, a San Francisco department store had some flamingos in one of their windows. Brought in from a State game farm, the birds seemed to thrive on their window surroundings. They took to the pools provided for them, splashed water about ate heartily of the mash made of cod liver oil, dried shrimp and dried fish. The temperature was kept at near 70 degrees most of the time.

Crowds of onlookers gathered to watch them and they were quite nonchalant. Quite often they tucked their heads under their wings and poised motionless on one foot for long periods.

In other big stores there were rhododendrons and spring flowers--all to attract hundreds of visitors.

Now the situation is reverse, and nature has painted the hillsides with wild flowers, birds are nesting, fruit is forming, gardens are ablaze with new flowers in the Santa Clara valley and city motorists look in awe at the spectacle.

City folks come to see what only Nature can do.

FROM FARM BOY TO GOVERNOR

Frank Merriam, a governor of California for twenty years, and a newspaperman for even more years, died at Long Beach on Monday. He was a good governor and a warm friend. Even in his declining years when his eyesight was failing, he wore a radiant smile when greeting old friends. He was a familiar figure at every newspaper convention in California for the last two decades. California newspaper publishers will miss him, as "30" has been written on the last chapter of his life.

PUBLIC SCHOOLS WEEK

This is public schools week, a time when the school is on dress parade for all who wish to visit. Teachers stand by for parents to see the classrooms and the education methods of today.

Public schools week started in 1920 and has been continued ever since. Already there have been some fine programs. Tonight at Moorpark school there is to be an art exhibit, instrumental music and open house. Tomorrow at Quito school, there is to be a folk dance festival.

FIRE DISTRICT SETTLEMENT

In a friendly suit which was settled in court this week, the City of Campbell has been awarded claims for a fair apportionment of property, funds and taxes from the Central Fire District of Santa Clara County. This is a significant victory and one of legal import in that the court has denied the district contention that services rendered during an interim period following incorporation, offset other property values.

It is also a victory for the City Council and the City Attorney, who deliberatelv and steadfastly contended the claim was just, finally petitioning the court for writ of mandate to force action. It means about $4,000 to the city over what the out of court offer had been.

ELECTRONIC BRAIN FAG

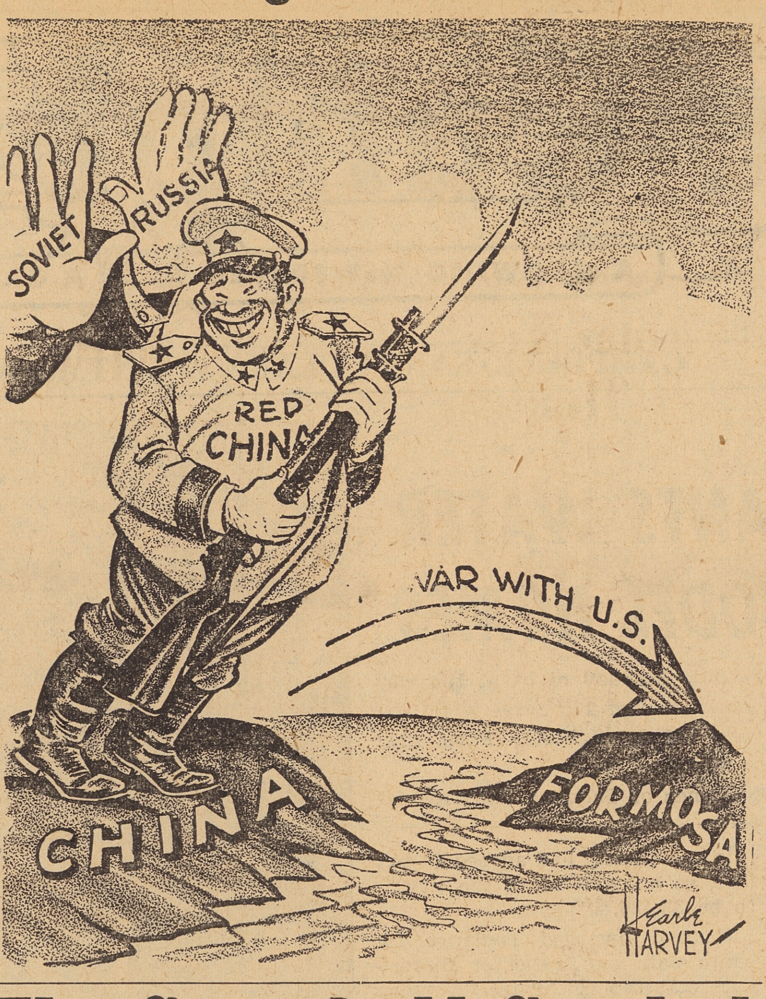
Man has gone far in his quest for mechanical perfection. So far, in fact, that now he is trying to bring the machine down to the human level.

A recent gathering of inventors decided the only thing wrong with the miraculous "electronic brains" they had perfected was that they never developed brain-fag, or made fools of themselves. Leave us construct a contraption that can go haywire, the genius said.

Delightfully enough, a newspaper report of this decision included this encouraging phrase, which with our proofreader's permission, we quote verbatim: "A moot point is whether it would be simpler to 'educate' machines through programming techniques toetaosbruetaoin — techniques or to build into a computer a system for learning by trial and error."

In other words, gentlemen, no sooner said than done.

Waiting For a Push?



Senator Jack Thompson To Head Parade As Marshal

State Senator John (Jack) Thompson is to be guest speaker and Grand Marshal at the 63rd annual "Old Settlers' Days Celebration" which is to be held in Campbell this week-end, April 29, 30 and May 1.

Thompson will make his first appearance at the "Coronation Ball" Saturday night when he officially crowns pretty eighteen year old Mary Begalke who is to reign as queen over the celebrations. Sunday he will speak at a luncheon honoring the "Old Settlers" before assuming role as Grand Marshal of one of the largest parades ever assembled in Campbell. At the conclusion of the parade he will address the crowd from the judges' stand.

MAY DAY Was a volunteer holiday in Campbell some forty years or so ago when street cars were running through Campbell . . . all shops closed and you couldn't even buy a loaf of bread here on the first day of May . . . our spy tells us that folks would trundle off with baskets filled with fried chicken, potato salad, home made cake and those new things called potato chips . . . some would go in horse drawn buggies, some on bicycles, a very few in autmobiles, but mostly they rode the street car to Congress Springs near Saratoga for a West Valley picnic . . . the car line from San Jose came out Meridian Road to Hamilton, east to San Jose-Los Gats Road, over Campbell avenue to Railroad avenue to Camden then back to the San Jose-Los Gatos Road to Los Gatos then Meridian Corners to Congress Springs, north on Sunnyvale Road to Stevens Creek Road to Monta Vista the end of the line . . . the motorman would clang the gong when all were aboard and all along the route on May Day there were geraniums ablaze with blooms, with golden poppies flashing in the background and blue lupins, mariposa lilies, dutchman britches and wild mustard rolling like sea waves as the trolley-car moved along . . . at Congress Springs there was sure to be a May Pole for the girls, foot races and games for boys and lots of visiting for the old settlers, many of those present having also been at Campbell on the 22nd of February when old Settler Day was observed.

Newspapers From out of town are giving quite a bit of play now to Old Settlers Days in Campbell as this is the second oldest public celebration in California, the San Jose Mercury having come out with a splendid spread last Sunday, while the San Franciscoo Examiner is covering it with a spread next Sunday . . . magazine cover in color for the Mercury shows Mrs. Bernard J. Caughey and Mrs. Jessica Campbell, 92, daughter-in-law of Campbell founder Ben Campbell, being assisted from a buggy by Ed Merrill, Campbell city treasurer, of Judge John Blaine, 81, who cycles about the county week days and plays tennis on Saturdays who came to Campbell before the turn of the century and married Alda Franklin Swope, granddaughter of Ben Campbell who died at 72 in 1949 . . . of Robert Scholz a resident of Campbell for 64 years and others . . . the San Francisco Examiner will have a spread next Sunday morning featuring the parade and the history of the celebration.

THE LITTLE Red building back of the Country Woman's Clubhouse on First street, is to have a new look, as members of the Junior Chamber of Commerce headed by its president, Orrin Accardi, have taken over responsibility for the improvements . . . old lawn sod has been removed, walkways have been made, a new lawn has been planted, the grounds landscaped with shrubs, and next will be a new paint job, Nelson Grain giving the peat moss and lawn seed, Carman's Nursery and John Kurazawa the shrubs, Campbell Lumber Company the redwood lumber for borders.

SAM CAVA The band maestro and Chamber of Commerce prexy tried for weeks to get a general to ride in Old Settlers Celebration parade and thought for sure that he had one of two, but something came about that they could not make it, so what do you know? . . . this Saturday the United States army is retiring our own Corwin Olds as a full colonel and the National Guard is retiring him as Brigadier-General, just in time to ride in the parade with that military rank . . . the Rev Olds has been chaplain of the California National Guard, and during World War II was over all chaplains in the South Pacific.

PTA Work Value Told By Speaker At CCPT Meet

Mrs. Russell Scott of Salinas, first vice-president of CCPT told those assembled in Mountain View High School auditorium for the Sixth District PTA annual convention this week that there isn't a corporation in the world that could afford to buy what PTA has done, contending it is the aggregate of what every individual member does that counts. She said PTA carries a tremendous amount of power, and also a tremendous amount of responsibility in working for the welfare of all children.

Contrasting the settled communities of 1900 with this challenging age of constant change, Mrs. Scott maintained that only through church or a group such as PTA can roots be put down today by families. Mrs. Scott said that the more than million PTA members in the U. S. bring a great cross-section of the people together—even in a world divided.

During the business meeting conducted by the President, Mrs. George D. Robertson, announcement was made that those PTA units receiving awards from the California PTA magazine for achieving 5½ seals were Quito Elementary and Woodrow Wilson Jr. High; for 5 seals were Mountain View Union High School and Hillsdale Elementary. Publicity record books chosen to be displayed at the State convention in Los Angeles May 4-6 were those from PTA units of Washington Elementary in Santa Clara, Ray Lyman Wilbur Jr. High, Campbell High and College Park.

Reports of the past year's activities of seven of the eight Councils in Sixth District were read as well as the report of the Out-Of-Council units. Reports were also heard from several District officers and chairmen telling of their recent activities, including a historian's report by Mrs. Wm. Berwick Jr. Formation of ten new units during March, made a total of 121 units in the District; formation of the new Sunnyvale Council was also announced. Revisions of the District bylaws and standing rules were read to the group by Mrs. Roger Deal, parliamentarian; and were adoptd by vote.

During the morning the Mountain View High School Choir under the direction of Miss Helen Froeleich, presented several very enjoyable selections.

Cherry Blossom Time In Campbell

The bright pink blossoms of the Kwanzan Cherry trees now seen in all their glory on Cherry Lane, Milton and Carlyn Avenues are all due to the concentrated efforts of the community-minded Garden Club, who have made beautifying Campbell streets oone of its main projects. These flowering trees seen at churches and schools are all gifts of the club who have high hopes that some day Campbell may become known as a city of beautiful trees. The club also stresses planting of its flower, the Peace rose, which it feels is symbolic of the times.

Following the vein of community projects, the Garden Club supplies the public library with many books on gardening, all of its Sunset magazines, and just recently presented a new garden encyclopedia and a book on "Flower Arranging" by Ishimoto.

Members of the Garden Club are planning on attending a district conventioon May 2 at the Hawaiian Gardens when Mrs. Doroothy Biddle, author and teacher of flower arranging, will be gust speaker foollowing a luncheon. Morning speaker will be Clyde Stocking, of Stocking's Rose Gardens.

SALK VACCINE SHOTS DELAYED

Public Health Service yesterday ordered temporary withdrawal of Salk Vaccine made at Cutter Laboratories in Berkeley because six cases of paralytic polio occurred among children vaccinated with it.

Polio vaccine will be offered free of Charge when allocated in about four weeks, to all children enrolled in the first and second grades of public, private and parochial schools in Santa Clara County. Approximately sixteen thousand children are eligible.

The polio vaccine was developed by Dr. Jonas E. Salk at the University of Pittsburgh. This vaccine consists of each of the three types of polio virus, treated with a formaldehyde solution. The treated virus' ability to cause disease is removed, but it does retain the property of being able to stimulate the human body into producing antibodies to poliomyelitis.

Effectiveness of the vaccine was determined by the evaluation study conducted by Dr. Thomas Francis, Jr. at the University of Michigan. It should be emphasized that any reports other than those authorized by the National Foundation for Infantile Paralysis, the California State Department of Public Health and the Santa Clara County Health Department are unfounded.

This year's polio vaccination is not a test. The vaccine being used this year is licensed by the Laboratory of Biologics Control of the National Institutes of Health of the U. S. Public Health Service.

Vaccine is supplied without cost by the National Foundation for Infantile Paralysis to the Santa Clara County Health Department. This department, in turn, provides staff nd supplies to carry out the program.

Parents must request the vaccination. Consent sheets have gone out to all parents of first and second grade children and are being returned to the schools. An estimated ninety percent of the consent sheets returned by parents request the vaccination.

First and second grade children were selected by the National Foundation for Infantile Paralysis because of the high polio incidence in this group and because their accessibility in schools will make a speedy vaccination program possible.

Parents desiring vaccination for children not in the first or second grades and thus eligible should contact their private physicians to whom commercial supplies of vaccine are available. The Health Department has no information available regarding the cost of vaccinating children not in the first and second grades. It is a matter for determination by the private physician.

Physicians on the staff of the Santa Clara County Health Department will give the vaccinations; they will be assisted by public health nurses, school nurses, and volunteer workers from local parent-teacher associations. Needed lay volunteers have been recruited from nearly 900 volunteer workers presently engaged in established, year-round programs of the Health Department. Numerous private physicians have volunteered their srvices to augment the Health Department's medical staff should it become necessary.

Supports Bill To Get Play Areas

Santa Clara County would receive $668,805 of State funds for development of recreational areas under a bill proposed by Senator Randolph Collier of Yreka and sponsored by Senator Jack Thompson of San Jose. Thompson is said to be pushing SB 1900 which would provide 32-million dollars for a state-wide recreational profrom the money coming from accrued tideland revenues.

Areas in the county to be developed would be designated by each county through a board composed of the supervisors and mayors of four cities. Continuing maintenance would be the obligation of the county, city or state depending on whose property is involved in the investment.

Collier said each county would get one third for area and two-thirds for population. He said the purpose is to enable California to regain tourist trade in once enjoyed.

Art Students In VFW 'Poppy Day' Poster Contest

Covering the walls of Mrs. Marian Winston's Art department at Campbell High School these days are 62 brightly colored, eye-catching posters all commemorating in various ways the annual "Poppy Day" on May 30.

The posters have all been made by art students for the Veterans of Foreign Wars poster coontest which is an annual State event sponsored by the American Legion Auxiliary. Cash prizes will be awarded first and second place winners, with ribbons to first and second place honorable mention.

The posters are all done in the commercial manner and show a great deal of thought and care in execution. Before work was begun on a basic layout, Mrs. Winston instructed her students in the rudiments of commercial art, point of view of the advertiser, and advertising psychology.

Keeping this in mind each student strove to produce an impact on the viewer with his poster, or to stop traffic as they call it, and to please the sponsor. As a result no two posters are alike and most look to be professionally done work.

In last year's contest Campbell High had two students winning State honors; Linda Curtis who placed second in the upper class division; and Don Dunton, who also placed second in the freshman division.

LIFE SAVED BY QUICK THINKING OPERATOR

A quick thinking telephon operator and her supervisor may have saved the life of a woman in San Jose last week.

The woman had placed a collect call to her father in Yakima, Washington. As soon as the father came on the line, and before the operator could ask if he would accept the call, the woman blurted out that she had taken poison.

The operator, Miss Helen Nire of 1325 Hester Street, immediately called her supervisor, Mrs. Honor Tanner of 1021 Morse Street. The call was traced. Police were called at the father's request, and the woman was found in time to save her.

should fuses blow in a new home?

If you're building or remodeling, insist on adequate wiring!

Four out of five houses today—*new homes included*—are unable to handle today's electrical demands because of inadequate wiring. Fuses blow, lights flicker, and there aren't enough outlets for all the appliances and lighting fixtures.

To make sure the home you're planning to build or remodel has the right wiring—for all your appliances and lighting—call in a qualified electrical contractor. Easy payment plans for modernized wiring are available at most of California's leading banks and lending agencies. Make the most of modern electric living with a dependable, adequate wiring system.

Insist on a Certificate of Adequate Wiring from your builder or contractor. It's your proof of a first-rate job!

Electricity is cheap in California!

CAMPBELL GAINS NEW POPULATION RATING IN STATE

Without benefit of special census, the City of Campbell is to have its population figure officially increased from 7,662 to 7,692 effective July 1, 1955 according to a letter received by Dorothy Trevethan, city clerk, from the California Department of Public Works. This increase is attributed to people living on lands annexed to the city in 1954.

Populations recognized by the state today are:

San Jose 104,212; Palo Alto 35,583; Los Altos 19,215; Sunnyvale 15,573; Santa Clara 14,889; Mountain View 13,282; Campbell 7,674; Gilroy 5,254; Los Gatos 4,907; Morgan Hill 1,851; Milpitas 834, and Alviso 652.

Services Pending For Mrs. Doolittle

The coroner's office termed the death as self-inflicted.

The body was found by her husband now a private patrolman who got home about 2:30 a. m. and who immediately called Inspectors Charles Hambaugh and William Mollison. No note had been left, but officer Doolittle said she had been depressed.
